EDUCATION

Texas A&M University, Galveston, Texas
Bachelor of Science in Ocean Engineering
GPR: 3.15

May 2027

EXPERIENCE

Uncork'd Bar and Grill, McKinney, Texas
Host

July 2021 – April 2022

- Greeted customers upon entry to the establishment
- Streamlined customer intake to ensure that over 100 people per shift were assigned properly and were entered into the server rotation
- Organized workspace, cleaned tables, and provided a welcoming atmosphere to the public
- Worked as a team player to meet the goals and objectives of the business

Texas A&M University, Galveston, Texas
Newtonian Mechanics Tutor

September 2025 – December 2025

- Provided small group instruction in Newtonian Mechanics and physics to help prepare students for exams
- Actively lesson planned with professors to help students understand physics concepts
- Effectively communicated with students and other peer mentors to discover where students needed help

Institute for a Disaster Resilient Texas, Galveston, Texas
Undergraduate Research Intern

January 2026 – Present

- Engaged in meetings and research projects in relation to disaster resilience, flood risk, and coastal hazards
- Collaborated with IDRT staff and graduate student mentors in order to learn about research projects and participate in field activities and data collection

ACTIVITIES

MTS SNAME, Galveston, Texas
Member

March 2023-Present

- Attended meetings and events dedicated to knowledge about the field of ocean engineering and engineering technology

SERVICE

CUMC APPA, Plano, Texas
Site Leader

April 2018 – June 2022

- Coordinated a small group of volunteers to efficiently construct a wheelchair ramp over a weeklong period
- Presented hour-long presentations on proper techniques and materials to use
- Created digital outreach materials for volunteer recruitment.
- Organized logistics to maintain proper safety measures to ensure team safety on-site

SKILLS

Proficient with: Microsoft Excel, Word, PowerPoint, MATLAB, Python, R-Studios, Autodesk Inventor, and AutoCAD
